Inhabitants Shocked

The inhabitants in Indonesia were shaken by a 6.3-seism on the Richter ladder in the night of Saturday May 27th to Sunday May 28th

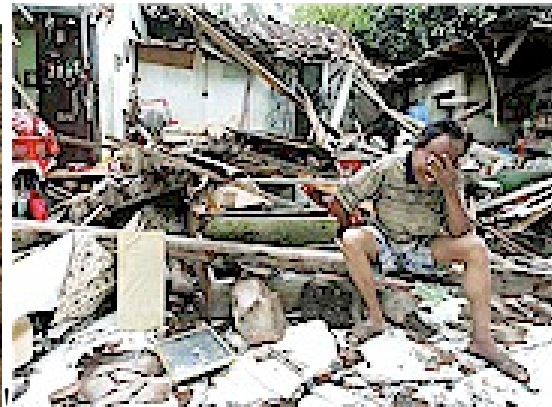

On Sunday morning the inhabitants were still sleeping when at 5.24 am the tremors started, so the inhabitants began to take refuge in the middle of the country.

Almost all houses were destroyed.

They are 5,100 dead people and 20,000 injured. All houses have been damaged, as a consequence there are 200,000 homeless people.

87 doctors have arrived on the spot.
