## MSC Napoli Stopped At Sea

M.S.C Napoli was run aground on the night of the 18<sup>th</sup> January on account of a storm. It was going to Portugal and came from Belgium.

The boat was sixteen years old. It had twenty-six members on board and forty-one thousand and seventy hundred tons of

merchandise. It carried 2,394 containers, but 101 fell into the sea. Seventy-six were taken out of the water. The oil tanker has lost three hundred tons of oil and left remnants eight kilometres long a week after the shipwreck.

The oil tanker has caused a major environmental disaster.
